Dear Parents / Guardians

This school has had a policy of not publishing names or posting children’s names on the website. However we now have a very dynamic and interesting site that families would enjoy accessing. The Childers State School website is: www.childersss.eq.edu.au/wcmss

The front page of the site hosts current news and there are sections under construction for various aspects of our school. One main aim of the website is to publish student work and celebrate successes and to do this we would like to be able to identify the students.

The school has requested of the P & C that we post children’s names on the website.

The P&C have agreed to a process whereby student work and news stories written by students may be identified by first name and class, if parental permission is received. NO IDENTIFYING PICTURES of students will appear on the site.

If you agree to your child’s first name appearing on our website, please fill in the information below and return to the school. No reply will be taken as no permission granted.

Yours faithfully,

[Signature]

Robyn Philpott
